

Tiel Seivl-Keevers

Unravelled Terrains

Opening

Saturday afternoon, 25 November 3pm – 6pm

Exhibition Dates

21 November – 2 December 2017

This body of work stems from the accumulation and discovery of familiar ideas waiting patiently to be unravelled. All objects and concepts have the possibility to be repurposed, reused and reimagined.

What we surround ourselves with, value, hold on to and even throw away says a lot about who we are. Our material and our natural world from time to time need to be explored and unravelled.
