

Elizabeth Shaw

Recycled Narratives

Opening
Thursday night, 8 March 6pm – 9pm

Exhibition Dates
6 March – 31 March 2018

Recycled Narratives is an exhibition of contemporary jewellery and objects created by Elizabeth Shaw between 2012 and 2018. Many of the pieces have been exhibited internationally and this is the first time they have been shown together. Individually and collectively the works trace Shaw's interest in simple mechanics, repair, found objects and the narratives evoked by materials.
