Winner of the 2012 Gold Coast Aboriginal and Torres Strait Islander Art Award, Claudia Moodoonuthi presents her first body of work.

Including 'painting stories' and photographs based on memories of her Grandmother's country (Bentinck Island) and growing up in Aurukun in North Queensland, these images hint at a genetic memory and connection which will guide this young contemporary artist well into the 21st century.

To be opened by Olympic gold medallist,  
Natalie Cook.
