by Glen Skien

Opening
Friday night, 2 June 6pm – 8pm

Exhibition Dates
30 May – 24 June 2017

URBAN-POETIC: 'the waste books' invokes the collision of print, collage and book assemblage works by North Queensland artist/printmaker Glen Skien. Exploring the veneer and marginal experiences of the urban environment these recent works present an extension of the artist's interest in the collision between image, text and surface.
