**Natasha Khmelevska** is a Ukrainian-born artist living in Brisbane, Australia. Educated as an illustrator and graphic designer at the University of Arts in Kiev, Natasha's style has been influenced by the master graphic artists of Eastern Europe. For over 17 years, Natasha has worked professionally as an animation artist for some of Europe and Australia's most avant-garde commercial and animation studios including Ukranimafilm, Animax, Fox, Disney productions, and most recently Liquid Animation, here in Brisbane. In her personal work, Natasha enjoys using a variety of mediums to create peculiar and vivid character-based art with a focus on triggering positive emotions.

**Olga Lutsenko**, born near Poltava (Ukraine) self-trained artistically from a young age and formed a painting style that is rooted in native traditions, songs, storytelling and myths from her childhood. In her work, Olga entwines the magnificence of humanity and nature through bold colours and forms. Olga is a professional Architect and Interior Designer, and obtained an Advanced Diploma in Visual Arts, all of which have contributed to the depth of her artistic expression. Her art has been collected both privately and publicly in Australia and overseas.
