Exhibition Dates

**27 January ~ 25 February 2012**

Out of adversity comes sheer joy.

Join us in a celebration of creative innovation with GhostNets Australia and Brisbane artist Joannah Underhill.

Ghost nets are lost or abandoned fishing nets, travelling the worlds oceans and tides, fishing indiscriminately. GhostNets Australia, Erub Erwer Meta (Darnley Island Arts Centre) and other indigenous arts centres recycle the collected nets into fabulous, colourful baskets and sculptural works.

As a cancer survivor, Joannah's paintings present a blooming and fertile landscape of cellular growth, rejuvenation and healing.
