# GAPU GA RANGITHIRRI GA NGURRUTHIRRI GA

the water is coming up, the water is going away

This collection represents some of the latest trends and the vibrant nature of the Milingimbi Art and Culture centre reflected in 2017. With a mix of male and female artists using a variety of media and techniques. The animal sculptures are the domain of the men with painted wooden bird sculptures. And the women dominating the field of fibre work from fish traps to coiled and twined baskets.
