HONOURING CHARLIE

We welcome you to a family exhibition dedicated to the life and memory of Charlie Blacklock. Charlie was a dedicated mental health nurse, mother, yogi, fashionista and creative muse for her husband, children, friends, and big extended Indian-Malay family.

Charlie was diagnosed with metastatic breast cancer in August 2019 and passed away in December 2020. She drank from the cup of life for those 16 months, lapping up all the wonders and splendour life has to offer.

This exhibition brings together works by her husband Eddie Blacklock, daughter Beck Wyatt and brother-in-law, Graham Jenkins and is a celebration of her powerful light and her love for all things bright and beautiful. Her family will be donating 50% of all proceeds to the Breast Cancer Foundation in honour of her and her legacy.

–Words by Charlie’s daughter, Naomi Blacklock
