Full Circle is my first solo exhibition, celebrating a lifelong passion for making—through both art and music. I've created art throughout my life, and several early works are included. After retiring—just as COVID hit—I returned to painting with fresh energy. The show features more than 25 works, predominantly acrylic on canvas, spanning six themes: Flora; Autumn Forests; Large-Scale Landscapes; Morning & Afternoon Light; Early and Recent Watercolours; and Ageing Performing Musicians.
